Volunteer One

Where you, make the difference!

Weekend Workshops

Our Program Menu (À La Carte)

Project: Volunteer Green

Different locations every month offering our volunteers a chance to show how they feel about keeping Mother Earth clean. Learn what it means to keep our environment clean and different ways to do it.

Pottery & Plants: Create & Design the pots you plant in!

Don't be shy! Delve right into making & learning about new ways to make Earth greener. Create your own pottery and plant your own herbs and veggies!

Seminars: Informative & Energized

We educate parents and children on their psychological and physical needs. We offer Holistic & Medical solutions that have a positive impact on their sense of well-being. We give concrete advice for healthy lifestyles.

What's a GMO? Be Cool, Be Green!

What are the differences?
Which one do you think is better to eat and why?
Which one do you choose for you and your family and why?

A Course in Philanthropy

Learn the fundamentals of Philanthropy from registering your *own Non-Profit Organization, obtaining your License to solicit donations, submitting for a 501 c3, selling products for your Charity to the Art of Giving!*

~Making e a difference in today's world~

The Programs of Volunteer One were created for both educational and Philanthropic Awareness. They were created to be used as a study in life using health, creativity and compassion as it's foundation: To develop an awareness of one's self within the world we live in and to share that, is a goal that we strive to accomplish at My Charity 4 Kids | Volunteer One.

~Be a difference in today's world~

About Volunteer Green

- Trips to local and state water and park locations will be on the list.
- Cleanup your Town or City grounds, including specific areas such as playgrounds, parks, beaches & more.
- **Recycling**: Participating/organizing recycling events/parties. Great for individuals, schools, and clubs.
